Color me lonely, paint me a teardrop	1	5	1	4
Show me a river that won't stop	1	1	5	5
This fire that's burning for you	1	5	1	4
Draw me a memory, fill it with sorrow	1	1	5	5

Color me lonely, paint me a teardrop   1   5   1   4
Show me a river that won't stop   1   1   5   5
This fire that's burning for you   1   5   1   4
Draw me a memory, fill it with sorrow   1   1   5   5
Like there'll be no tomorrow
Color me lonely in the deepest of blue

Life without you has no meaning   5   2   5   5
A paper without any pen   5   2   5   5
There on the canvas, look at our vision 1   5   1   4
but you made your decision   1   1   5   5
Now that it's over color me lonely again

Color me lonely, paint me a heartache
Make it a grey cloud for my sake
the dark shade of ashes gone cold
stealing the treasure out of the rainbow
turning the sunshine to shadow
color me lonely for the love that you stole

pale as a faded old picture
blue as a night without end
taking the magic, leaving the misery
I know you don't love me
Now that it's over color me lonely again
